ABOUT US

We are a multidisciplinary construction and Design company established in the end of 2020. The founders of the company have extensive experience in construction and design fields up to 15 years in many countries such as Egypt, Qatar, KSA and UAE in many renowned contracting & consulting companies such as Arabtec, CCC, KEO, DAMAC and CSCEC which are ranked worldwide

ABOUT US (CONTINUED)

We have our technical office engineers who are capable to provide tendering, procurement, shop drawings and even they are able to carry out the design. The company is able to handle the project as EPC (Engineering, procurement and construction)

OUR VISION

Our vision is to establish the concept of the Design/Built in the local market starting from the concept design, detailed design, tender design and EPC (Engineering, procurement and construction). Moreover, we aim to be one of the iconic companies in the local market, middle east market and worldwide market in the engineering field.

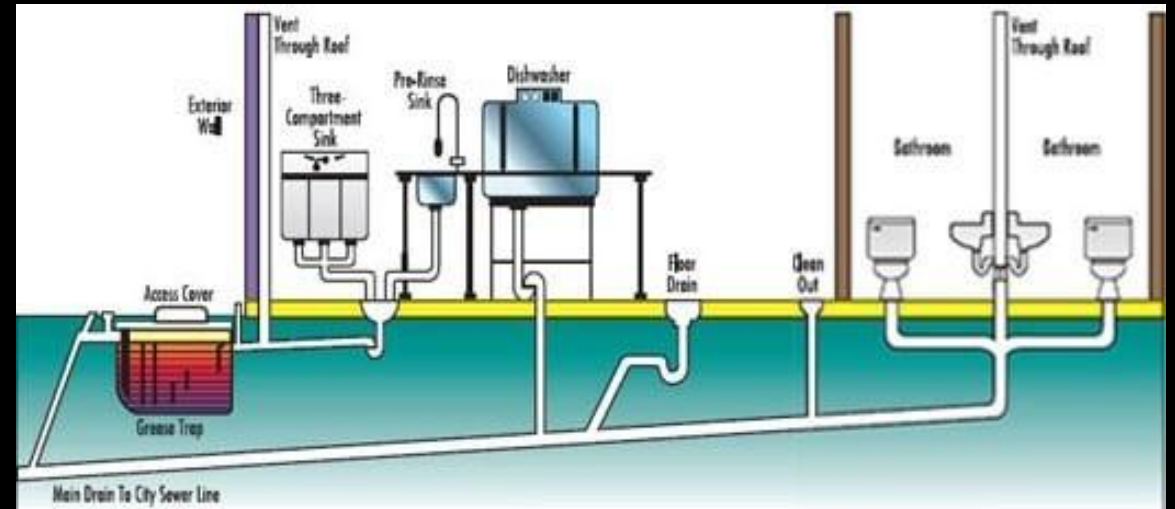

OUR MEP SERVICES-HVAC

We design and execute different types of HVAC systems such as chilled water systems (Air cooled and water cooled chillers) and DX systems (VRF and split units) and different applications such as residential, commercial, mixed use and hospitals, etc.

OUR MEP SERVICES-PLUMBING

We design and execute plumbing systems including water supply and drainage systems based on the American codes such as IPC, UPC and ASPE in addition to British standards. Moreover, we work on special plumbing systems such as laboratories drainage, radioactive drainage, RO networks, Medical gases, compressed air and LPG

OUR MEP SERVICES-FIRE FIGHTING

we design and execute the fire fighting systems includes but not limited to fire pumps, standpipe systems, automatic sprinklers, clean agent systems and foam system, etc. We are responsible for getting all civil defense approvals

OUR MEP SERVICES-MEDICAL GASES

We design and execute the medical gas systems for many hospitals and medical centers including the medical plant, piping and outlets for O₂, N₂O, Vacuum, medical air 4 bar, medical air 7 bar and AGSS

OUR MEP SERVICES-ELECTRICAL SYSTEMS

We design and execute the different electrical systems including but not limited to power, lighting, CCTV, Data, fire alarm, sound, telephone. Moreover, we work on all types of panel boards and electrical fixtures.

KEY PROJECTS - GALALAH UNIVERSITY - PUMP ROOM 1

The scope of Galalah university fire pump room is to install all pumps in the room including booster pumps, irrigation pumps and fire pumps in addition to the HVAC, electrical and drainage services for the room itself.

KEY PROJECTS -DELTA MISR FACTORY FOR PROCESSING FOOD

The scope in the factory is to install the MEP services including water supply, drainage, fire fighting, HVAC and electrical.

KEY PROJECTS- SECURITY DIRECTORATE OF CAIRO

The scope in Security Directorate of Cairo is installing of electrical and light current systems

KEY PROJECTS- SINJAR FRENCH MEDICAL CENTER-SINJAR, IRAQ

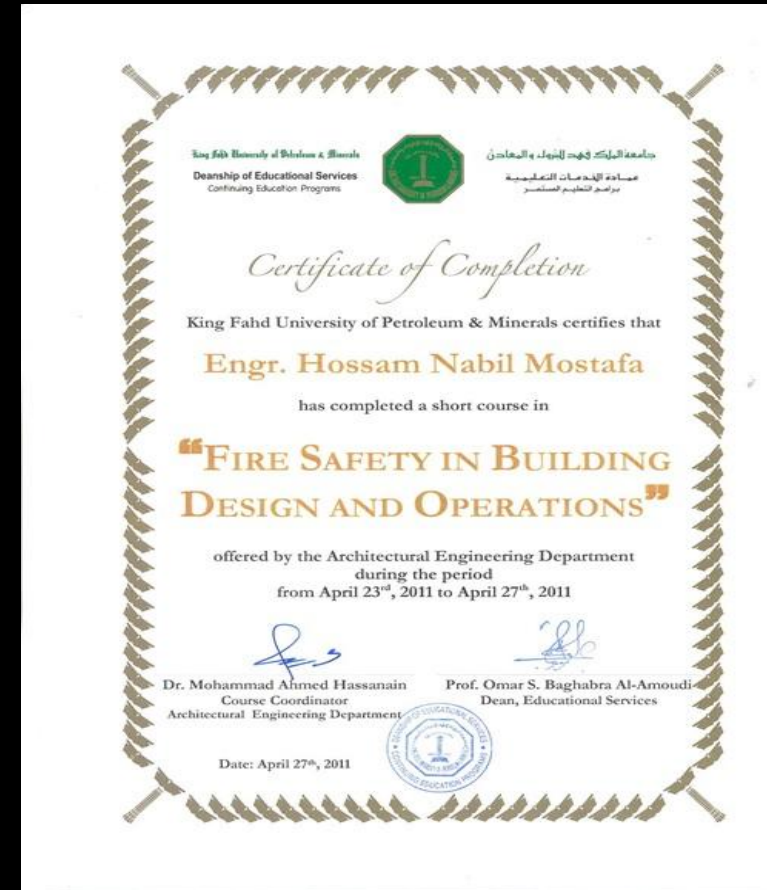

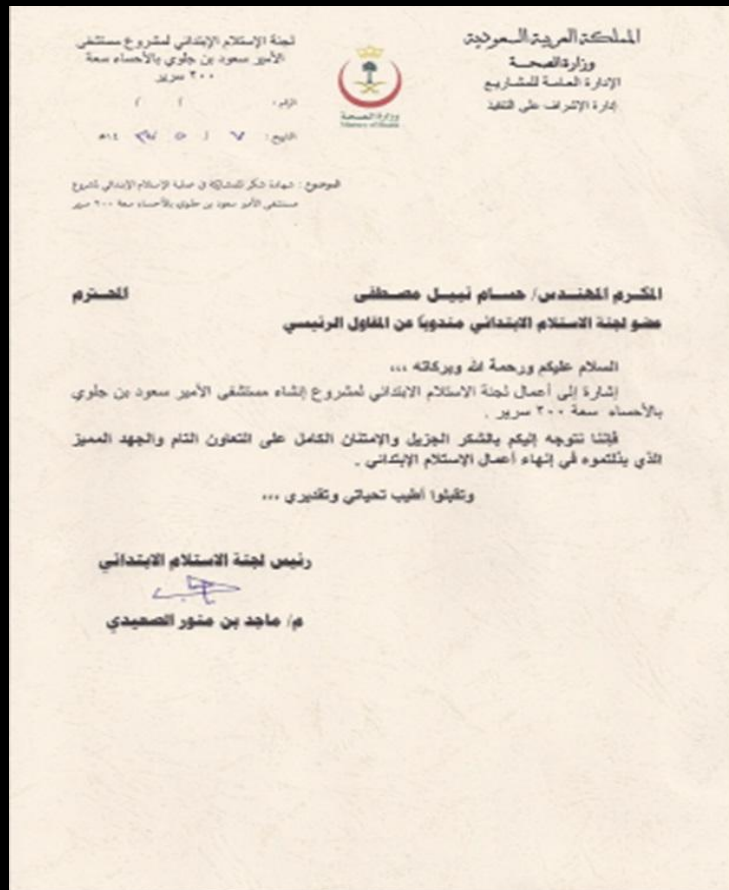

The Medical Center consists of 3 floors; total built up area 5300 m² and The scope is to provide the design for all mechanical systems including HVAC, water supply, drainage and medical gas systems.

PERSONAL PROJECTS

- Handover all mechanical works in Enaya Hospital. 100 beds (KSA)
- Handover of HAVC works, Boilers installation, Water treatment plant, Sewage treatment plant, Medical gases works and LPG system in prince SAUD BIN JALAWY hospital – 200 beds phase 1 (KSA).
- Handover all mechanical works in Al Mosa general hospital. 100 beds.(KSA).
- Handover Extra Al Khobar extension. (KSA).
- Mechanical execution manager in hospital Al Khobar (500 beds).(KSA).
- Mechanical execution manager in King Faisal University.(KSA)
- Mechanical execution manager in SWCC compound.(KSA)
- Mechanical execution manager in Ministry of Defense compound.(KSA)
- Design all mechanical works for NOVOTEL Hotel Yanbu.(KSA)
- Design all mechanical works for Al Roshaid OIL and GAS fields' factory. (KSA).

PERSONAL CERTIFICATIONS

PERSONAL CERTIFICATION

IASP Professionals
Safety Professionals Certified Trainer, whose signature and certification number appear below, hereby certifies that the named person did attend and satisfactorily completed the course of study herein named. The signatory below further certifies that he/she has attended the certification from the International Association of Safety Professionals appropriate to provide the training herein specified and that the signatory is solely responsible for the quality and content of said training. IASP does not warrant the quality or content of said training.

Course: Occupational Safety and Health Advanced Diploma
Student: Hossam Borai # 521993
Trainer: Mohamed Hamed El Oupy # 512235
Date: 2015-07-15

International Association of Safety Professionals
A division of The National Association of Safety Professionals

In recognition of the successful completion of the requisite course of study and by virtue of authority granted by The International Association of Safety Professionals hereby confers upon

Hossam Borai
Certification of
Occupational Safety and Health Advanced Diploma

In witness whereof this Certificate, signed by the International Association of Safety Professionals Certified Trainers and sealed with the corporate seal of The National Association of Safety Professionals granted. The signatory below is solely responsible for the quality and content of said training, and attests to attaining certification appropriate to provide training from The International Association of Safety Professionals.
